RECOMMENDATIONS

“Walter's work has always been characterized by his attention to detail without losing sight of the business objectives or the medium in which his art was used. His social communicator profile allowed him to generate, in a very short time, creative visual content that was always highly valued by the users of the games for which we work. I highly recommend Walter's work as an illustrator and I hope to have the opportunity to collaborate with him on future projects.”

Ricardo Ocaña Izquierdo

Product Management, VOSTU

“An amazingly talented illustrator, we have been lucky to work with Walter for years on a number of beautiful projects. He understands the ins and outs of children's book illustration, and always goes above and beyond on the projects he works on. We look forward to continuing our work with him in the future!”
